

+EYE[®] ART EDITION

+EYE[®] ART EDITION KEX BLACK

Kex-spitzenkultur creates its own line of accessories made from self-created lace embroidering designs. The design and workmanship of the top-quality laces is based on 15 years of experience in lace embroidering design.

The result of this close collaboration is an unique art edition, playing with the antipode of the puristic design language and the filigree playfulness of the lace.
